
FLOW-TEK

SRH SERIES

Spring Return Handle (Deadman Handle)

For use with compatible ¼" - 2" Ball Valves

Flow-Tek's SRH Series Spring Return (Deadman) Handles are manufactured from heavy duty stainless steel components to withstand frequent daily use in refueling, sampling, drains, and other OSHA applications that require positive closure of a manual valve. Each Spring Return Handle has a locking device as standard to lock

the valve in the closed position. The SRH Handle is available in three sizes that mount directly to the rugged investment cast ISO 5211 mounting pads on compatible Flow-Tek full or standard port industrial ball valves.

All compatible Flow-Tek valves utilize live loaded packing which provides

longer periods between packing adjustment and maintenance, reducing the need to remove the SRH handle for valve maintenance.

Each SRH Handle can be easily retrofitted on existing Flow-Tek lever operated ball valves provided one follows the compatibility chart shown on the reverse side.

FLOW-TEK **SRH SERIES SPRING RETURN HANDLE**

SRH Model #	SRH1	SRH2	SRH3
Handle Length (in)	10.47	13.38	19.125
Handle Weight (lbs)	2.25	3	5.7

Parts List			
Item	Description	Material	Qty.
1	Base Plate	CF8M	1
2	Handle Body	CF8M	1
3	Spring Rod, M6	Stainless Steel 304	1
4	Spring	Carbon Steel Music Wire	1
5	Rod Clevis	CF8M	1
6	Handle	Stainless Steel	1

Parts List			
Item	Description	Material	Qty.
7	Spring Nut M6 x .38"	Stainless Steel 304	1
8	Spring Washer 5/16 x 27 x 1.5"	Stainless Steel 304	2
9	Hex Cap Screw 5/16 x 18 x 3/4"	Stainless Steel 304	3
10	Hex Cap Screw M8 x 20mm	Stainless Steel 304	1
11	8mm Lock Washer	Stainless Steel 304	1
12	M6 Hex Nut	Stainless Steel 304	1

VALVE MODEL F15
